TM-U325
Printer

Receipt and validation printing in a compact body.

Compact yet powerful, the TM-U325 prints receipts and handles up to 9 lines of validation printing. A logic seeking function realizes a fast 6.4 lines per second, and at a low noise level. The drop-in roll paper loading system enables easy paper replacement, and the semiautomatic paper loading function reduces the work for busy operators. With a small footprint and a weight of only 2.3 kg {approx. 5.07 lb}, the TM-U325 maximizes space efficiency.

Two Types of Printing
The compact TM-U325 is like two printers in one. It supports both receipt printing and multi-line validation printing up to 9 lines.

Fast, Quiet Printing
Surprisingly fast, yet amazingly quiet. The TM-U325's logic seeking control delivers print at 6.4 lps (16 digits, 16 cpi) but delivers it in customer-pleasing silence.

Compact and Light
The compact, lightweight body of the TM-U325 measures just 164 × 240 × 136 mm (W × D × H) {6.46 × 9.45 × 5.35"} and weighs a mere 2.3 kg {approx. 5.07 lb}. The space-efficient design lets you make the most efficient use of limited counter space. You'll also appreciate the compactness of the AC adapter type power supply.

User-friendly Design
The TM-U325 employs a drop-in type roll paper feeding system. And a semiautomatic paper-loading function enables busy operators to replace the paper in a hurry. In addition, an ASB function, which automatically sends the printer status, allows operators to constantly monitor the status of the printer.

Superb Reliability
EPSON's world-renowned quality and reliability are reflected in every component and mechanism of the TM-U325, ensuring products unsurpassed in performance and dependability.

Definable Downloadable Fonts
With the receiving buffer setting at 45 bytes, there is almost no limit to the number of downloadable fonts that can be set. So you can use unique, appealing fonts that convey the image you wish.
