

# EVO PC4

The POS-X EVO PC4 Series Point-of-Sale Computer is our most innovative, compact POS Computer to date. Incorporating the latest energy-efficient CPU technology, the EVO PC4's Intel® Atom D525 chipset provides Dual-Core performance while utilizing a fraction of the energy needed to power a typical desktop computer. In addition, the EVO PC4's petite footprint and optional wall brackets allow for easy installation under the counter or beside the register.

### Key Features

- CPU: Intel® 1.8GHz Atom Dual-Core
- 1GB DDR II RAM upgradable up to 4GB
- Ultra compact design for clean installs
- Wall mounting brackets (optional)
- Stable Intel® chipset
- 3-year Advance Exchange Warranty

POS COMPUTER

# EVO PC4 Specifications
